ASTIGMATISM.

What it is, and How Corrected.

At the time of the irregular vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the eye known as the cornea. Of course no instrument is sufficient to correct it, but in the hands of a skilled oculist and competent optician, the astigmatism can be corrected by the use of a cylindrical lens. If your eyes are affected by this defect, call on Dr. J. T. Johnson, at the corner of Third and Elm streets, Greensboro, N. C., at once. He will examine your eyes and tell you what to do. Office hours 8:30 to 12:30 P. M. and 2:30 to 5:30 P. M.

CHANGE OF THE A. & Y.

The Southern Will Make No Great Changes at Present.

The announcement made about 3 o'clock Saturday afternoon that the Southern Railway Company had purchased that part of the Atlantic & Yadkin between Mt. Airy and Sanford was a great surprise to the people of Greensboro and to the people all over the state. Nothing official could be obtained and the report was regarded as a joke and, though it is now known to be a reality, no official orders have yet been given the employees of the two roads here, further than that the Atlantic & Yadkin is under the management of the Southern officials. Master of Trains McCarthy took charge of the road Saturday afternoon but has not yet made any change in the Atlantic & Yadkin force.

The following message was sent out from Washington Saturday afternoon: Vice-President Finley in alluding to the Atlantic & Yadkin railway, makes an official statement to the effect that the change in connection with the property effective today will not disturb the relation of rates as between communities proper on that line, including Greensboro and Wilmington and in consequence of this there need be no disturbance in basis of distributing of trade which these communities now enjoy. A circular issued by Vice-President Finley announces the appointment of J. M. Culp, Traffic manager, and another circular announces the appointment of Messrs. W. A. Turk, General Passenger Agent, and T. C. Powell, General Freight Agent.

Col. A. B. Andrews, who was elected president of the new company, and Mr. H. W. Miller, the new secretary, came to Greensboro Saturday afternoon and remained until this morning to sign a mortgage deed made by the Atlantic & Yadkin Railway Company to the Central Trust Company, of New York, as trustee for \$1,500,000 to secure payment of the receivership sale of the road.

Col. Andrews was seen by a Telegram reporter this morning and was asked several questions, but answered them all by saying that he could make no positive statement until General Manager Cannon, of the Southern, visited Greensboro, which will probably be tomorrow. He stated, however, that no great changes, except for the betterment of Greensboro and the railway company would be made.

Mr. Miller was also seen. He stated that the Southern might be relied upon to do all in its power to advance the interests of Greensboro. "We intend to give you such good service that you will not want another road," he said.

Col. Andrews left at noon for Raleigh.

Greensboro Loan & Trust Co.

The stock subscription books of the Greensboro Loan & Trust Company, to which a charter was granted by the last legislature, will be opened this week. Messrs. John G. Fry, J. A. C. Fry, C. H. Ireland, and C. D. McNeill are the promoters and they expect to begin a business of about \$100,000 and the company will conduct a general banking and trust business. They are authorized to begin business as soon as \$100,000 stock is subscribed. This may well be regarded as an important enterprise for Greensboro, and with the city's continued prosperity and growth the company is sure to succeed.

The Financial Committee

Of the Fireman's Tournament and Gala Week will please meet promptly at the Greensboro National Bank tomorrow (Tuesday) morning at nine o'clock. It is very important that every member be present promptly at the appointed hour that the work may be finished by noon of the same day, and a report of the canvass submitted to the mass meeting Thursday evening.

TO CONTINUE RESISTANCE.

So The Filipino Government Has Decided.

AMERICAN SERGEANT KILLED

And a Private Wounded, and Twenty Filipinos Killed and a Number Wounded by Our Gunboats.

By Wire to the TELEGRAM.

Manila, May 15.—The tin-clad gunboats Laguna, Deboy, Cavadonga, and a launch, under Capt. Grant, ran into a nest of insurgents concealed in the bushes on both sides of the Rio Grande, three miles above Calumpit, yesterday afternoon, and received several heavy volleys at short range.

A sergeant of the Utah battery was killed and one private wounded. The Americans killed twenty of the natives and wounded several others, filling the jungle with a hail of shot for half an hour until the enemy fled.

THE WAR TO CONTINUE.

London, May 15.—The Filipino junta has received the following message from Aguinaldo, dated from Hong Kong, of date, 12th inst.: "The Filipino government in accordance with the general feeling throughout the country, has decided to continue the war at all costs until independence is secured. The Filipinos energetically refuse the American peace overtures based upon a restricted autonomy coupled with promises of subsequent self-government. The Filipinos demand the strict fulfillment of the articles of the American constitution treaties contracted by the American representatives when imploring a Filipino alliance while combating the Spaniards. Aguinaldo is supported by all the Filipino generals. The reported overtures for peace by Luna are untrue."

LAWTON ADVANCING.

Manila, May 15.—Lawton advanced this morning toward San Isidro, leaving behind a garrison at Baling. McArthur's command remains at San Fernando. Spanish General Rios will sail tomorrow for Zamboanga with the transports Leonie and Porto Rico to relieve the Spanish troops at those places and convey them back to Spain.

GROVER ALIVE AND WELL.

Ex-President Says the Report of His Death is "Simply Absurd."

By Wire to the TELEGRAM.

Tuldo, O., May 15.—A special messenger sent to the middle of Bass Island to inquire regarding the report of ex-President Cleveland's death, reached Sandusky about two o'clock this morning. He found Cleveland alive and well. When informed of the rumors of his death, the ex-president said, "It is simply absurd."

Improved Feeling.

New York, May 15.—There is a continuation of the improved feeling in Wall street this morning. Flower stocks are higher and there is no excitement on change, but no large applications of money.

Attention Firemen!

An adjourned meeting of the fire department will be held in Fireman's hall on Thursday, 18th inst., at 7 o'clock sharp. We hope to see every member present, as President Jas. D. McNeill will be with us on that date.

After the business of the meeting we will adjourn to the mass meeting of citizens at the court house.

By order of
E. L. Clark, J. Henry Phipps,
Secretary. Chief.

Great Attraction Sale.

The great attraction sale now in progress at the Fishbait-Katz Co. has attracted numerous customers to this establishment. Everything in the establishment has been reduced in price to effect a speedy sale as the stock may have to be removed while the alterations are being made. If you need anything in high art clothing, hats or furnishing goods call and see them.

Big Auction Sale.

The auction sale of the property of J. L. King & Co., John W. King, receiver, began at 2 o'clock this afternoon. The big factory building was bought by R. R. King for \$4,000; one-fourth interest in the building occupied by Hunter Manufacturing Co., by J. S. Hunter. The two lots on Buchanan street were bought by J. W. Jones and R. A. Gray, respectively.

Coal Dust Kills Six men.

Centralia, Penn., May 12.—A cave in of coal dust at the Centralia colliery today resulted in the death of four men and the fatal injury of two others. Six others sustained cuts and bruises.

Disguised with his work in a mill at Manchester, N. H., Chester S. Cote, son of an English army officer, committed suicide with poison.

A CLASH MAY OCCUR

Between England and Russia Over The Chinese Matter.

By Wire to the TELEGRAM.

New York, May 15.—A Journal special from London says that Lord Salisbury has wired the British legation at Peking to support vigorously the Chinese authorities in their refusal to accede to Russia the new railroad demands.

GRAVE ANXIETY EXCITED.

Peking, May 15.—The Russian demand for a new railroad concession connecting Peking with the Russian by the present railroad system from Manchuria, is still exciting the gravest anxiety here. Chief Chinese officials are having constant consultations with the Dowager Empress. The general opinion is that the line is intended to start from Kirkin of Mukden and run direct to Peking.

The Germans and the Japanese are particularly uneasy over this unexpected move of the Russians and it is said that the feeling among prominent representatives of the Chinese government is that the time has come to make every effort in the direction of securing British sympathy and aid.

THE BRITISH OPPOSED.

Hong Kong, May 15.—Native opposition to the construction of our new territory by British force at Kow Loon, opposite Hong Kong, has been renewed. About nine hundred members of a Hong Kong regiment, with machine guns, are leaving here tonight, while volunteers have been warned to be in readiness for any emergency. The British gunboat Swift, accompanied by three other gunboats, are proceeding to sea under sealed orders and have five hundred men aboard.

WHEELER ON REED.

The Speaker's Assumption Without Warrant in the Constitution.

Chattanooga, Tenn., May 13.—General Joseph Wheeler is in the city. Tomorrow he will meet the River and Harbor Committee of the House of Representatives and go down the Tennessee river with them. General Wheeler, in an interview today, criticized Speaker Reed. Speaking of Reed's refusal to recognize him on the last day of congress on the floor, he said:

"That is part and parcel of Reed's assumption, authority for which the constitution does not give him. The constitution says that the house shall be judge of the election and qualification of its members. By a vote of more than two to one they refused to even consider the question of declaring my seat vacant, and even after that, Mr. Reed, in direct violation of the constitution, assumed to decide this question for himself. But that was all right. I am still here. That did not hurt me.

"I will do just what the President tells me to do in regard to my seat in congress. If he says for me to go to Manila with the army, and there are no signs of peace, I shall resign from congress. Otherwise I shall retain my seat in the next house. I like to see active service very much. I am awaiting orders from Washington and cannot tell yet what I shall do."

EXPULSION OF THE JEWS.

The Russian Government Drives Them From St. Petersburg.

London, May 13.—The Russian Government has decided upon exceptional measures against the Jews, doubtless owing to the intense feeling against them prevailing in many parts of Russia at the present time. The first anti-Jewish measure was promulgated yesterday, under which the stay of all even foreign-Jews, is prohibited in St. Petersburg. No exemption will be made even in the case of the French Jews.

There have been serious outbreaks against the Jews at Nicolaieff in connection with the Easter festivities of the Greek church. The Jews there number 30,000 out of a total population of 100,000. The rioters, who were mostly laborers, numbered 5,000. They wrecked hundreds of Jewish houses and shops, desecrated Jewish graves and killed and injured a large number.

About 400 of the rioters were arrested after several furious conflicts with Cossacks, several of whom it is reported, were stoned or beaten to death with heavily weighted slings with which the rioters attacked the police.

THE IOWA BOYS ON A TEAR.

Mustered Out at Savannah They Paint Camp Scarlet.

Savannah, Ga., May 13.—The Fortyninth Iowa regiment was mustered out today, and after being paid off the men raided soda water stands, bread and sausage wagons in camp and took all the stuff and turned over the wagons. The police were called out in large numbers and many arrests were made. The men were hauled into police barracks in patrol wagons and trolleys. The police station is packed with them, and the recorder will hold a special court to try the cases.

N. C. CENSUS SUPERVISORS.

Their Appointment Not Yet Definitely Settled.

DEMOCRATS WANT A DIVISION

On Account of the Great Preponderance of Democratic Congressmen From the State.

Special to the TELEGRAM.

Washington, May 15.—At the census bureau it is said that the matter of the appointment of census supervisors in North Carolina has not been as yet definitely settled. In all of the southern states, with the exception of North Carolina, Maryland, West Virginia and Kentucky, it has been determined, as announced some time ago, to divide the appointments of census supervisors between the two great political parties. As for North Carolina, it is said that Senator Pritchard and other prominent republicans of the state have been making efforts to prevent a division of these appointments. It was supposed at one time that the appointments would be made upon the recommendations of Senator Pritchard and Representatives Linney and White, who constitute the republican delegation in the next senate and house of representatives. The three members referred to have been in Washington at different times since the adjournment of congress, and have been working to prevent a division of appointments being agreed to by Director Merriam.

The democrats of North Carolina have not been idle in their efforts to secure a division to which they think they are entitled on account of the great preponderance of democratic congressmen from the state, and one opposition senator in the next delegation. It is said that in their efforts to obtain a division they have the co-operation of Senator Butler also.

The director of the census is disposed to be very fair regarding the appointment of supervisors, and is earnestly endeavoring not to make the census bureau a political asylum. While he has not fully made up his mind regarding North Carolina, he is inclined right strongly to Congressman Linney, who called upon him the other day, that it is his intention at present to appoint several democratic supervisors in the state.

Several persons returned Saturday from Charleston where they went for the purpose of attending the great reunion. All who have been seen say that the reunion was the most pleasant that has been held thus far. The weather they say was all that could be desired, and nothing occurred to put a damper on the celebration.

Among those who have returned are the District of Columbia delegation who were accompanied by several ladies from this city, including the Misses Hume and Wright, who acted as sponsors for the local camp. The members of the delegation to the reunion from Alexandria City, Va., have also returned to their homes.

An address will be delivered this week before the local Confederate Veterans' camp of the District of Columbia, by Mr. Alexander, his subject being "Stories about Mosby's Men." The lecturer is well known throughout the south and much interest is felt in the event which will be a feature of the present week.

Several railroad officials are in the city, among them being President Edward L. Russell, of the Mobile & Ohio railroad. Mr. Russell is a close friend of Hon. John Allen, of Mississippi, who is contesting with Governor McLaure for the United States senate. Mr. Russell is of opinion that Representative Allen will be elected.

Postoffice Inspector Crane left Saturday night for a trip to North Carolina. During his absence he will visit Winston-Salem for the purpose of selecting a site for the new postoffice. It is thought the postoffice will be located near the dividing line between the two towns.

Among prominent North Carolinians in Washington during the past few days has been former Representative Harry Skinner, who is here on private business. The ex-congressman refused to talk about state politics.

Mr. James M. Moody, of Waynesville, N. C., was in the city Saturday. While here he is stopping at the National Hotel.

Mr. J. M. Moore, of Lenon, N. C., is at the Metropolitan.

Congressman Linney, of North Carolina, who has been in the city for several days, will return to the state shortly. He does not think there will be a division of census supervisors.

The American Federation of Musicians has adjourned to meet in Philadelphia next June, and elected Owen Miller, of St. Louis, president.

SENSIBLE ARTICLE.

We clip the following extract from an editorial in the Star of Zion, a prominent colored paper:

Several of the leading white papers of North Carolina seem exercised over the negroes leaving Wilmington. They fear that the effects of the last political campaign, the jim crow cars, and the possible adoption of the constitutional amendment to disfranchise negroes, may cause general exodus all over the state.

No man knows better than the shrewd, thinking, southern white man. He knows certainly that the negro is the best and cheapest laborer under the sun, and that should the better class of negroes pack up and leave for the north and west, (as many of them are now thinking of doing in case the constitutional amendment is ratified at the polls,) the south would of necessity depreciate in value and business every where would be demoralized. No other race can take his place on the plantations and produce such enormous crops of cotton and corn at so little cost. It is his labor that keeps the thousands of spindles humming day and night in the factories which give employment to tens of thousands of white laborers.

The negroes do not want to govern this state—they never have governed it—but they ask to be protected in their inalienable and legal rights, and desire that the law be thrown between them and the violence of their persons, and that they be given a fair opportunity to work and make an honest living. If these privileges are to be denied, and they are to continue to be the targets for mean and foul-mouthed abuse and unreasonable persecution, and be governed with a mailed hand, there will positively be a general exodus of the best class of negroes from this state to other states. The best class of colored people are always able to leave the state if they desire—the worst class are not. Note the difference.

The white people do not wish for their colored friends to leave the state. Such an event would be a blow which it would be hard for our industrial progress to recover from. The colored people are needed and wanted in North Carolina and as long as they are law-abiding and refuse to allow themselves to be used as the tools of unscrupulous, designing, white politicians, they may be assured of welcome and protection in our midst.

Cussing and discussing the recent invasion of the tranquility of his neighborhood by the "Fire Baptist Holiness Association," an aggregation of anti-sanctificationists, universalists, socialists, anarchists, and all other kinds of religious fanatics, and all the different kinds of the plain fool, the editor of the Dunn Union says:

They preach against everything that is not "fire baptized." Every church and church member who is not "fire baptized" receives the wrathful excommunications of these "fire" preachers. They preach against the eating of hog meat, wearing mustaches, neckties, jewelry and fine clothing. One of their favorite prayers was for "God to kill the hog-eat-eating devils, the mustache wearing devils, the tobacco chewing devils, the snuff dipping devils, the tame holiness devils, etc."

We fear this new "ism" has its proselytes in Greensboro, as the number of our mustache-wearing devils is growing less.

The imperialistic tendency of the American government is becoming alarming. The newspapers are the reflectors of the public's thought, and almost every sheet one picks up, from the large metropolitan dailies to the little weekly from the country village, recognizes the drift that is carrying the ship of state to the rocks of certain destruction. The recent bold step of the administration in suppressing the Atkinson pamphlets, is receiving a scathing denunciation as a smothering of free speech. An edict from the chief executive for the confiscation of the New York World or the Journal, or some other denunciator of the government, would not be a great surprise one of these days.

The republican party orators will have a long list of explanations to go before the people with at the next

election. There are scandals and corruptions, and incompetencies and things attached to the national republican administration which can only be compared to the late fusion administration of North Carolina. We have that confidence in the American people that the nation will be taken from the hands of Hanna's lieutenants when the day of reckoning comes.

By a deal which was perfected last Saturday the Southern Railway acquires possession of the Atlantic and Yadkin road (formerly the C. F. & Y. V.) from Mount Airy to Sanford. The Telegram hopes that the occurrence will prove beneficial to Greensboro, having the assurance from prominent officials, such as Vice President Finley, of the A. & Y., that the relation of rates between communities on the line, including Greensboro, will not be disturbed.

Gomez wants a standing army of 15,000 men for Cuba. Gomez wants the earth. Aguinaldo would be glad to have a standing army of 1,000.

"FIRE BAPTISTS" AT JONESBORO.

Another Very Interesting Letter From "Trojan."

Correspondence Telegram.
Jonesboro, May 13.—A friend wrote me sometime ago that he was very hard up and was complaining to his wife of the stringency of the circulating medium, when she remarked to him that he must cheer up, for the needed dollar would come. The preaching of his wife of faith had an appreciable impression on him, so he said that he had no faith in her statement. But he added in his letter that the next morning he met a man on the street who handed him \$2.00, much to his surprise. I am sorry he has not more faith. But I wrote him at once and propounded this question: "If a man without means and without faith in God's promises, receives unexpectedly, \$2.00 in an hour of need, how many dollars would a man of faith, in similar condition, receive?" Of course the man with out faith has no right to expect even a penny. "Let not that man think he shall receive anything of the Lord." The Lord is mighty good to a man when he sees in him the spirit of hustling. If you sit down expecting the Lord to come and feed you it is likely there will be an aching void all the time which He nor the world will not fill. But if you do your best the Lord is with you. You will not have the ravens fetching bread until you are totally unable to look after this business yourself. It was a mighty dry time when the raven brought the bread to Elijah. Hadn't it rained in about three years and it is probable the mills had all ceased to grind for want of grist and water. And it became necessary for the Lord to do something for his servant. And he did. But, my brother, that's been a long time ago, and at this period the mills are running everywhere and for full time. There is plenty in this old world for every man who has faith. Faith is obedience in action. That means, spend no idle time, trust in God, work every day, and the dollar will come. No doubt about that. The Odd Fellows and other folks know that this planet is susceptible of many changes, but we never see the seed of the righteous begging bread nor the righteous forsaken. Don't forget this. But remember when Jesus was about to bring Lazarus back to life, he said, to those standing near by: "Take ye away the stone." God never does for a man what he can do for himself. And I am glad it is that way.

Our quiet town, usually so, is still vibrating to some extent from the effects produced by the presence and preaching of the fire-anointed band. Brother Crumpler calls the affair a fire company. It is a disgrace to civilization. One of the preachers remarked the other night that the greatest sin he had ever committed was selling whiskies, when he run a drug store, to Presbyterian and Methodist preachers. He further stated that the preachers in our town were all unconverted. Part of this gang has been in jail and it looks pretty hard that even religious liberty will permit these fellows to go at large preying on the credulity and the purses of a class of people to be found in every town, who, unfortunately, appear to be easily fooled. Another one of this fire brigade, in talking to the crowd at a meeting a few nights ago, said: "Sitting here this morning on the rostrum, I saw something that none of you saw. A ball of fire came in there at the top of the tent, and passing diagonally over the congregation went out near the door." This is some of the stuff with which our people are being regaled by the motley crew, and strange to say, there were present that night men and women who believe the statement of the firemen. Talk about the dark ages being a thing of the past. It is certainly an age of darkness now when such characters as these are permitted to do this kind of work in any Christian community.

The citizens of Sanford have sent them word to not attempt to pitch their tent in that town. It is to be hoped for the good of Sanford that this order will be rigidly enforced. Up in the mountains of North Carolina there is a good preacher, a member of the Western Conference, Methodist, who is full of happiness and spiritual power very nearly all the time. To know him is to love him. And he never preaches anywhere

without doing much for the Master and humanity. There is, however, a joke on him, so Rev. Chas. Byrd told me at Greensboro sometime ago. It is said that the preacher was holding a protracted meeting, and one day after a sumptuous dinner with one of the hospitable Methodists in the mountain section, he went out in the "silent grove" to ruminate and pray. After some wrestling with the tired and weighty feeling usually following a delectable meal, which feeling is any thing else but an all gone sensation, the preacher got a baptism, and he proceeded to make a noise, at the same time twisting his body considerably. A man passing the road saw the preacher and cried out: "What's the matter brother? What's the matter?" "To which the preacher replied: "I'm full man; I'm full. Don't you see I'm full?" "Yes," answered the pedestrian, "I see you are; but you needn't be uneasy, that's the way it does me every time I eat dinner at James Reddin's."

I know six brothers. Three never drank liquor, nor chewed or smoked tobacco. The other three did. And are living hale, hearty old men past three score and ten. The other trio are feeble and sometimes fear that they are not long for this world. It is rather a peculiar case. It is not given as a stimulus to those who drink and use the weed, but only as an item on which it would not be very easy to write a Sunday School book. Sometimes I think that this is not the land where the books come true, that is, every time. The best young man in college sometimes turns out to be the rascal, while the boy who helped to hoist the cow on the new west building goes to congress, to the legislature or becomes a preacher. I knew a good boy. He cleaned his teeth and finger nails, and said his prayers three times a day, and when he grew up he was elected superintendent of the Sunday School and the first time somebody trusted the good boy with a lot of money he lost it. But after all a man never loses by living square and upright. And how painful the realization of any day spent in non-conformity to the law of God when the sweet peace which comes as a consequence of doing right is brought into comparison with that feeling the result of wrong doing.

RUNNING SORE ON HIS ANKLE.

After Six Years of Intense Suffering, Promptly Cured By S. S. S.

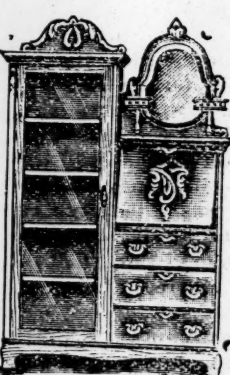

Obstinate sores and ulcers which refuse to heal under ordinary treatment soon become chronic and deep-seated, and are a sure sign that the entire circulation is in a depraved condition. They are a severe drain upon the system, and are constantly sapping away the vitality. In every case the poison must be eliminated from the blood, and no amount of external treatment can have any effect.

There is no uncertainty about the merits of S. S. S.; every claim made for it is backed up strongly by convincing testimony of those who have been cured by it and know of its virtues by experience.

Mr. L. J. Clark, of Orange Courthouse, Va., writes: "For six years I had an obstinate, running ulcer on my ankle, which at times caused me intense suffering. I was so disabled for a long while that I was wholly unfit for business. One of the best doctors treated me constantly but did me no good. I then tried various blood remedies, without the least benefit. S. S. S. was so highly recommended that I concluded to try it, and the effect was wonderful. It seemed to get right at the seat of the disease and force the poison out, and I was soon completely cured." Swift's Specific—

S. S. S. FOR THE BLOOD
—drives out every trace of impurity in the blood, and in this way cures permanently the most obstinate, deep-seated sore or ulcer. It is the only blood remedy guaranteed purely vegetable, and contains not a particle of potash, mercury, or other mineral. S. S. S. cures Contagious Blood Poison, Scrofula, Cancer, Catarrh, Eczema, Rheumatism, Sores, Ulcers, Boils, or any other blood trouble. Insist upon S. S. S.; nothing can take its place.

Little, neglected scratches and wounds frequently result in blood-poisoning. Better heal them quickly with DeWitt's Witch Hazel Salve, a thoroughly antiseptic application with a record of always curing piles, old ulcers, sores, cuts, wounds and skin diseases. Howard Gardner.

CARBOLIC ACID A FAVORITE.

The Drug Used in Many Cases of Suicide During Last Year.

Chicago, May 12.—Dr. Clifford Mitchell, of the Chicago Homeopathic Medical College staff, has discovered that 21 per cent of the persons who committed suicide in Chicago in 1898 did so by drinking carbolic acid, and that a total of 364 persons in New York, Brooklyn and Chicago killed themselves by swallowing this drug. The figures were submitted by Dr. Mitchell to members of the Illinois Homeopathic Medical Association at its annual meeting at the Palmer House, and on the strength of them the society voted to use its influence with druggists to have the indiscriminate sale of the drug restricted.

If you suffer from tenderness or fullness on the right side, pains under shoulder-blade, constipation, biliousness, sick-headache, and feel dull, heavy and sleepy, your liver is torpid and congested. DeWitt's Little Early Risers will cure you promptly, pleasantly and permanently by removing the congestion and causing the bile ducts to open and flow naturally. They are good pills. Howard Gardner.

A Mother's Duty

It is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. For more than fifteen years, the

7 Sutherland Sisters' Scalp Cleaner

has stood at the apex of all shampoo washes, while the "Hair Grower" has been equally successful in its efforts to return the injured scalp and almost lifeless to their original healthfulness.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "I was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying 'I could live but a short time.' I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman. Trial bottles free at C. E. Holton's drug store. Regular size 50c and \$1. Guaranteed or price refunded."

THE OLD REBS

Gave a Rebel yell and carried Charleston by storm. They have the right of way on all occasions; and in fact they are entitled to it. Just so with

Harry-Belk Brothers Co.

They have carried Greensboro by storm—captured the whole city and country without encountering the slightest obstacle. We did not raise a Rebel yell to accomplish what we have done, but simply turned loose our "Gatling gun" and shelled the woods. The same was loaded with panic goods. Railroad wrecks and the like brought them down at long range. To see the crowds flocking to your store you would think we had another Confederate

RE-UNION

here, but it is this Cuban warfare among prices liberates our bargain counters and, my, the way the way the masses are accepting the situation—freedom from the galling yoke of high prices and big profits is enough to stir the country from center to circumference. "Watch out!" Our buyer has been in New York and Boston for some time closing out shoe manufacturers, clothing merchants, dry goods stocks, etc., at often less than the cost of making. Going north at this season gives us a decided advantage over others, for all manufacturers are anxious to close the stocks on hand before the fall season opens. Few goods piling in every day.

Listen! Checks 20c, calico 7c, bleaching 4c, towels 25c, lawns 2c, ladies' patent sandals 65c, worth \$1.50, ladies' and children's Oxfords and slippers 25c up. Never before had goods so cheap. All we ask is for you to see them. It is like picking up dollars. We have bargains to offer you all our store, so if dollars are worth anything to you, you can save them by looking through our stock of dry goods, notions, shoes, hats, gents' furnishings, etc., much easier than you can make them, no matter how easy they come.

So hide out, little ones, and give the people the right of way to!

Increasing Their Force.

Mr. R. H. Smith came up from Ore Hill Saturday to hire about twenty-five more hands to assist in getting out the iron ore at that place for the Empire Steel and Iron Company.

Mr. Smith brought with him some splendid specimens of the ore and presented the Telegram office with one of the best. He also gave us a piece of lava. He says that, thousands of years ago, a volcano was in eruption at Ore Hill and that there is yet an abundance of the lava to be seen there.
